GitHub: github.com/Arpit27112000

Career Objective

To secure an entry-level Frontend Developer role where I can apply my skills in HTML, CSS, and JavaScript to build responsive and user-friendly web interfaces, while expanding my knowledge in React and full-stack development for long-term growth.

Technical Skills

- **HTML5:** Semantic structure, forms, media
- **CSS3:** Flexbox, Grid, animations, responsive layouts
- **JavaScript:** DOM manipulation, ES6+, events, basic API integration
- **React.js:** Learning fundamentals (components, hooks, state)
- **UI Tools:** Bootstrap, Tailwind CSS
- **Version Control:** Git, GitHub
- **Other Tools:** Power BI, Excel, SQL (MySQL), VS Code

Projects

Image Gallery
Tech: HTML, CSS, JavaScript

- Built a fully responsive image gallery with hover effects and smooth transitions.
- Implemented lightbox-style image view with next/previous navigation.
